100% of all the profit generated from our online florist is donated to schools, churches, hospitals and other nonprofit groups in our community!

HOW DOES IT WORK?

It's simple. Every time you make a gift purchase of flowers, plants, gift baskets, balloons etc. 10% of that gift orders total

price is donated to your choice of non-profit group. So if your total gift order equals \$50 your choice of group earns \$5. Over the span of a year you could help your group raise thousands of dollars without raising a

finger! On a quarterly basis, donation checks are sent out along with a summary of all the orders placed.

All other profit made will be donated to nonprofit groups that have made a difference in our community!

So choose Fund Flowers for your next gift purchase and give a gift that keeps on giving!
