FUNDRAISING THROUGH OUR ONLINE FLORIST WEBSITE

Fund Flower Kid
Evelyn, Toronto ON.

Every month a new child is chosen for our specials ad on our online florist website. Any one can enter by sending us an email telling us why they love flowers!

✧ *Our Online Florist* ✧

Our online florist makes fundraising hassle free and easier than any other fundraising event you will ever find. Do nothing and your group still earns money!

HOW DOES IT WORK?

It's simple. Every time one of your supporters purchase flowers, plants, gift baskets, balloons etc. from us your group earns 10% of that gift orders total price. So if their total gift order equals \$50 your group earns \$5. Over the span of a year your group could raise thousands of dollars without raising a finger! On a quarterly basis,

donation checks are sent out along with a summary of all the orders placed.

There's no cost to your group. No out of pocket expense to your supporters. No deliveries to worry about. No door to door fundraising. No hassle or effort at all! This is an easy

way for your group to fundraise consistently all year long!

Ways your group can maximize your earnings:

We provide all the promotional material free of charge. Just let us know what you want!

- Put up posters in your school.
- Send home flyers with your students so they can get their family involved.
- Take advantage of your free webpage to promote your fundraising events.

These are only suggestions - your group is under no obligation to do anything and your group will still be able to receive donations through our online florist.
