

FUND FLOWERS

Details about how our Fundraising Events work.

These fundraising events are easy and we provide everything you need!

Flowers are a good way to celebrate the seasons or just for gift giving. Whatever the reason, your members will be able to sell these gifts to family and friends for the holiday.

Our goal is to help you be as successful as possible in raising money. You won't find an easier fundraiser that allows you to make this much money! We provide sales material (posters, sample flyers, order sheets, catalogs, a custom website etc.) for FREE!

Your flyers can be custom made to suit the gift items you would like to sell. The prices listed on our 'sample flyer' are the standard price, but if you would like to change them to increase or lower your profit, we can accommodate this too. These details can also be added to your custom website.

With Fund Flowers, we also give you step-by-step instructions to help ensure your success. You will be able to contact us directly with questions or comments throughout your fundraiser.

With our fundraising events, your group can take orders ahead of time, and the gift items will be shipped to your designated area for you to distribute or we can ship the goods to you for you to sell directly to your supporters. There is no minimum order!

Our discount prices are also tax free - so there is even more potential for your group to make thousands of dollars. Depending on how much you want to charge, your group can make up to 100% in profit.

- How Much Will Your Group Make? -
At our discount prices you could earn up to 100% profit.

| Item | Your Cost | Sale Price | Profit % |
|------|-----------|------------|----------|
| #101 | \$1.50 | \$3.00 | 100% |
| #106 | \$20.00 | \$30.00 | 50% |
| #206 | \$40.00 | \$50.00 | 25% |

If you set your prices to make \$4/item sold with a group of 200, here is what you can make:

If each person sells 1 of #206, your group makes \$2,000.
 If each person sells 2 of #106, your group makes \$4,000.
 If each person sells 3 of #101, your group makes \$900.

* Sold in cases of 4 arrangements or 4 plants.
